### **Trial Eligibility and ORTs**

The ORT Title must be earned at least 14 days before a trial opening date to be eligible for the first draw period. All odors must be passed in order to earn the ORT title. It is not required that they all be passed at the same test.

### **Basic Description of the Test**

To successfully pass an ORT a dog must identify the location of the target odor and the handler must correctly call an "alert" within a three-minute time period. The Odor Recognition Test consists of a drill type exercise which requires 12 closed boxes typically set up in a pattern of two rows, spaced a minimum of 48" apart. The ORT is conducted on leash. Complete information can be obtained on the NACSW website. Handlers may test on all 3 odors at the same test.

*All exhibitors should obtain and review a copy of the **NACSW K9 NOSE WORK® RULE BOOK**. You may get it from their website: [www.NACSW.net](http://www.NACSW.net)*

**No dog will be given more than one space in the same odor test at a single event.**

### **Results**

During the odor re-sets, the official results sheet will be brought out to the parking area for testers to photo or review. We recommend you verify your results on the official results sheet and let your host or judge know if you have any questions regarding your results.

## **CANCELLATION POLICY**

The following cancellation policy applies:

## LOCATION DETAILS

### **ADA Site Specific Conditions**

This ORT location is a charter high school. There is underground parking. The pathway to the testing area is paved and there is a small incline from the underground parking structure to the front of the building entrance. It is a short walk from the underground parking lot to the entrance of the building. The testing area is an indoor cafeteria with cement floors.

***Due to unforeseen conditions, such as weather or change in availability of areas at the location, these conditions may be modified at the last minute.***

Modeled after real-life detection work, NACSW events are held in many different locations, with a variety of terrain, under varying weather conditions. Dogs and handlers need to be able to safely negotiate a variety of surfaces, including, but not limited to, tile, linoleum, carpeting, gravel, asphalt, uneven surfaces, and slippery footing. Handlers should be prepared to deal with a variety of weather conditions, including heat, cold, rain and snow. Events frequently require covering extensive distances to get to and from the parking area to each of the search areas and generally require that this be done across natural, uneven surfaces. Handlers should be prepared for the physical demands and must be able to navigate the terrain with their dog accordingly. Handlers should expect to spend most of the day outside or in their vehicles as there are rarely indoor crating options at events. Please be prepared for you and your canine partner to deal with all of these varying environmental challenges. Handlers should familiarize themselves with potential regional risks and health concerns that may affect themselves or their dogs. Handlers agree that they are entering this event at their own risk.

### **Parking**

The parking lot is underground and fully shaded. The parking lot is large with one parking space in between vehicles. Parking entrance clearance is 8 feet. There is also street parking, but it may be limited. Street parking will require some walking to the testing area. **Please let host know PRIOR to the ORT if you will be parking on the street.** Send an email to [jamie@smrtdog.com](mailto:jamie@smrtdog.com).

### **Reactive Dog Parking**

There will be reactive dog parking at this test. Reactive dog parking will be street parking. Street parking is in a business district. There will NOT be separate potty areas or warm up boxes for reactive dogs. If you will be parking on the street, please let the host know PRIOR to the ORT. Send an email to [jamie@smrtdog.com](mailto:jamie@smrtdog.com).

### **Unentered Dogs**

Unentered dogs must remain in the competitor's vehicle during the test day. There will be ample potty areas, but unentered dogs should not be allowed to "play", exercise, or train on the test grounds.

### **RV Parking**

There is limited street parking for RVs. No overnight RV parking is available.

### **Running Vehicles or Generators in the parking lot**

## DOG INFORMATION

### Dog Policies

- All dogs must be on a 6' leash at all times when not searching. NO flexi-leashes while not participating in a search.
- Reactive and/or spatially challenged dogs should wear a red bandana (to be provided by the dog's handler) to help signal others that the dog needs extra space from other dogs.
- Dogs will be toileted in designated areas and handlers must pick-up and dispose of waste.
- Dogs and handlers must stay in designated areas to avoid contaminating search space, interrupting a search, or from viewing any part of the searching.
- Handlers should expect to keep their dogs confined in a crate or vehicle when not searching. The logistics of an event typically do not allow for dogs to hang out on leash in between searches. Handlers should plan to provide their own shade using canopies or shade cloths.
- Refer to location details (above) for information on unentered dogs.

### Females in Season

Will be allowed to run wearing "pants" at the very end of the day after all other dogs have tested. Females in season will be parked and pottied in areas separate from the other dogs while at the test if the location logistics permit. Handlers must contact Host: Jamie Bozzi at [jamie@smrtog.com](mailto:jamie@smrtog.com) so plans can be made.

### Spectators

There is no general spectating at an ORT. Handlers in an ORT may not be spectators for other Handlers regardless of relationship (with the exception of a minor testing after the accompanying adult tests). If non-handler attendance is allowed, only immediate family members/friends of the dog/handler team being tested may spectate that team. Spectating options may not be available or may be limited based on logistics.

Spectators are reminded that the hide placements must not be discussed nor should they speak with any handlers about what they saw until after the event is complete.  
No dogs will be allowed in the spectator area. No unentered dogs with spectators are allowed at the event. An adult accompanying a minor must be present during the searches.  
Everyone at the site must sign the waiver provided by the host and comply with all event requirements. Handlers are not allowed to watch the searches at any time.

The ORT Certifying Official has the right to limit spectators at their discretion. ORT participants may have a friend or family member video/photograph their test. ORT participants may not video/photograph one another. Children under 18 must always be directly supervised by a parent/guardian. No dogs will be allowed in the spectator area. No unentered dogs with spectators are allowed at the test. Spectators are reminded that the hide placements must not be discussed nor should they speak with any participants about what they saw until after the test is complete.

Everyone at the test site **MUST SIGN THE LIABILITY WAIVER** provided by the host and comply with all event requirements. This includes friends and/or family members.
